SUBJECT INDEX TO VOLUME 6*

Adolescent
  peer education about sexuality and birth control, 39
  pregnancy, interactive education program, 149
Arthritis, self-management of, 69

Behavioral interventions
  for control of chronic diseases, 131
  patient characteristics and beliefs on responses to, 131
Birth control, adolescent peer education on, 39
Breast self-examination
  class attendance, prediction of, 83
  silicone model for training in, 160
  strategy for promoting, 116
  training technology for, 160

Cancer counseling, future of, 1
Cardiac rehabilitation, effect of group counseling on compliance with, 169
Chronic diseases, behavioral intervention for control of, 131
Computer-assisted television instruction, in adolescent pregnancy, 149

Diagnosis-related groups, impact of on patient education, 55, 57
Dutch hospitals, patient education in, 178

Educational health-care model, under prospective pricing, 57
Epilepsy, psychosocial adjustment of adults with, 125

Genetic counseling, interviewing behavior of physicians in, 165
Group counseling, compliance effect of in cardiac rehabilitation, 169

Health
  behavior changes, association with health-status improvement, 69
  beliefs, effect on behavioral intervention, 131
  education, in large health maintenance organization (HMO), 3
  maintenance organization, health-education administration and management of, 3
  status, association with health-behavior changes, 69
High blood pressure program, progress of and lessons learned from, 103
HMO. *See* Health maintanance organization
Hospital library, patients' use of, 147
Hypertension
  National High Blood Pressure Education Program and, 103
  treatment compliance in and effects of lay counseling on, 91

Interactive video educational program
  instructional design, 149
  for pregnant teens, 149
Ischemic heart disease, use of self-instructional material in, 155

Lay counseling, and hypertensive treatment compliance, 91
Life-style intervention, conceptual framework for, 29

Medical health-care model, under prospective pricing, 57
Myocardial infarction, perceptions of patients' educational needs in, 77

National High Blood Pressure Education Program, 103
Nurses preparation for teaching role
  use of reading materials in, 25

Obesity prevention
  adult-onset, 73
  health professionals' role in, 73
  juvenile-onset, 73

Parent education, by videotaped programs in pediatric waiting rooms, 122
Patient compliance
  in cardiac rehabilitation, effect of group counseling on, 169
  in hypertension, effect of lay counseling on, 91
Patient counseling
  for cancer, future of, 1
  genetic
    physicians' interviewing behavior in, 165
